Welcome to Our New Web Site!

Cardinal Criminal Justice Academy is pleased to announce a redesigned Web site. The site combines a new look with a framework that makes it easier for you to find and share information and resources.

With one-click access to key content areas, you'll be able to learn more about the Academy and its operation.

Explore our site to:

- Search for upcoming in-service and basic courses.
- Link to our on-line training log-in, and course descriptions.
- Follow the basic classes with photos and week descriptions.
- Check the photos album to find photos of your basic academy or a course you attended.
- Learn about our pre-employment program.
- Check out the good news from our member agencies and staff.
- Go to related informational links for all the latest in legal cases, law enforcement information and training courses.

We'd love to hear what you think about our new site. Spend some time familiarizing yourself with the new structure. Click through our different sections and many pages. Then send your comments, suggestions, and updates to Kip Vickers at kvickers@cardinalacademy.org.
