Course Description:

Cardinal Academy member agencies have been offered four free seats to the school listed below on a first come, first serve basis.

Police and Sheriff Agencies within the New River Valley and surrounding jurisdictions, have been invited to attend a progressive, multijurisdictional firearms training program. This program is made up of experienced firearms instructors from Blacksburg, Christiansburg, Radford, Virginia Tech and the Montgomery County Sheriff's Office. We want to find the best "teachers" at each department to build an instructor base that is second to none.

The school will focus on "Mastering the Basic Skills" of three common firearms used in Police Work; semi auto pistol, AR style rifle and Police Shotgun to include pumps and semi-autos. Officers/Deputies who attend this school will leave with a better understanding of the capabilities of these weapons and their confidence to accurately shoot them.

Teamwork, because the school is made up of students and instructors from multiple departments, this course will work to build better cohesion between departments and help to create the concept of 1 TEAM.
